## Sec. 66-11. Application of chapter to certain types of signs.

Subject to the provisions of section 66-5, the following signs may be allowed without a sign permit and may not be included in the determination of the type, number, or area of permanent signs allowed within a zoning district, provided such signs comply with the regulations in this section, if any.

- A. Official traffic signs.
- B. Signs erected by the city including regulatory signs.
- C. Public signs: Signs required by the city for utilities, including traffic, utility, safety, railroad crossing, and identification signs for public facilities.
- D. Legal notices.
- E. Real estate signs which advertise the sale, rental, or lease of the premises upon which such signs are located only, not exceeding six square feet in area in residential districts and not exceeding 32 square feet in area in any other district.
- F. Temporary signs, as approved as a grand opening event by the city manager, or his designee, in accordance with section 66-105, permitted signs (temporary signs).
- G. Non-illuminated incidental signs, including incidental window signs, not exceeding two square feet. "Open" signs may be illuminated.
- H. Minor signs: Minor signs shall not be electronic nor illuminated. No minor sign may include commercial messaging. No minor sign shall be located on public property or in the right-of-way. Minor signs shall not exceed 24 square feet. Minor signs shall include:
  - 1. Political campaign signs.
  - 2. Temporary directional signs.
  - 3. Signs inside a building, or other enclosed facility, which are not meant to be viewed from the outside, and are located greater than three feet from the window.
  - 4. Holiday and other temporary seasonal decorations **from November 15 through January 15**.
  - 5. Personal expression and ideological signs.
  - 6. Address signs: Stating address, number and/or name of occupants of the premises.
  - 7. Security and warning signs: These limitations shall not apply to the posting of conventional "no trespassing" signs in accordance with state law.
  - 8. Private drive signs.
  - 9. Signs denoting the architect, engineer or contractor, when placed upon work under construction.
- I. Flags: Non-commercial flags, flags of any nation, state, local, or other geopolitical entity, or flags not related to or used to draw attention to a commercial business, product, or service.
  - 1. Flags and flagpoles shall not be located within any right-of-way, unless meets the requirements of allowed encroachments as prescribed by the Handbook to Downtown Salem.
  - 2. Flags, containing commercial messaging, shall be considered temporary signs. See section 66-105(A).
- J. Memorial signs or tablets, names of buildings and date of construction when cut into any masonry surface or when constructed of bronze or other incombustible materials.

- K. Signs which are a permanent architectural feature of a building or structure, existing at the time of adoption of this chapter.
- L. Art and murals, provided such signs do not contain any commercial messaging.
- M. Vehicular signs that meet the following conditions:
  1. The primary purpose of such a vehicle or trailer is not the display of signs.
  2. The signs are magnetic, decals or painted upon an integral part of the vehicle or equipment as originally designed by the manufacturer, and do not break the silhouette of the vehicle.
  3. The vehicle is in operating condition, currently registered and licensed to operate on public streets when applicable, and actively used in the daily function of the business to which such signs relate.
  4. The vehicle is not parked within 20 feet of the right-of-way.

## **Sec. 66-107. Prohibited signs.**

A. No sign shall have flashing, intermittent or animated illumination or lights of changing degrees of intensity, unless each interval in the cycle is a minimum of eight seconds and the sign does not constitute a traffic hazard. This section shall not be construed to prohibit signs which display time, temperature and other information, provided all other requirements of this chapter are met.

B. The following devices and locations shall be specifically prohibited:

1. Signs located in such a manner as to obstruct or otherwise interfere with an official traffic sign, signal or device, or obstruct or interfere with a driver's view of approaching, merging or intersecting traffic.
2. Except as provided for elsewhere in this Code, signs encroaching upon or overhanging public right-of-way. No sign shall be attached to any utility pole, light standard, street tree or any other public facility located within the public right-of-way.
3. Signs which blink, flash or are animated by lighting in any fashion that would cause such signs to have the appearance of traffic safety signs and lights, or municipal vehicle warnings from a distance.
4. Portable signs except as provided in section 66-105 (portable signs).
5. Vehicular signs except as provided in section 66-11.

- 
6. Balloons, streamers, inflatables, pennant strings, flags (except as allowed in section 66-11), pinwheels, and like displays, except as provided in section 66-105 (temporary signs).
  7. No off-premise sign shall be located within the corporate limits of the city.
  8. No existing off-premise sign shall be converted to an electronic sign, billboard or multi-vision board.
  9. Abandoned signs.
  10. Snipe signs. Signs shall only be attached to utility poles in conformance with state and utility regulations and the requirements of this chapter.
  11. Signs which prevent free ingress or egress from any door, window, fire escape, or that prevent free access from one part of a roof to any other part. No sign other than a safety sign shall be attached to a standpipe or fire escape.
  12. Signs which emit smoke, visible vapors, particulate matter, sound, odor or contain open flames.
  13. Reflective signs or signs containing mirrors.
  14. Vehicular interactive signs.
  15. Signs incorporating beacon lighting.
  16. Any banner or sign of any type suspended across a public street, without the permission of the owner of the property and the city.
  17. Roof signs.
  18. Signs for any home occupation.
  19. Signs erected without the permission of the property owner, with the exception of those authorized or required by local, state, or federal government.
  20. Any sign containing information which states or implies that a property may be used for any purpose not permitted under the provisions of the city zoning ordinance.
  21. Signs that exhibit statements, words, or pictures of obscene or pornographic subjects.
  22. Any sign that promotes illegal activity.
  23. Neglected signs.
  - 24. Strip lights or strip lighting except as allowed in Section 66-105 or as holiday décor in Section 66-11.**

#### **Sec. 66-151. Definitions.**

- A. The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

---

*Abandoned sign:* A sign which has not identified or advertised a current business, service, owner, product, or activity for a period of at least 60 days.

*Address sign:* A sign that designates the street number and/or street name for identification purposes, as designated by the city. (Also known as: *nameplate sign*.)

*Awning:* A cloth, plastic, or other nonstructural covering that projects from a wall for the purpose of shielding a doorway or window. An awning is either permanently attached to a building or can be raised or retracted to a position against the building when not in use.

*Awning sign:* Any sign painted on, or applied to, an awning.

*Balloon sign:* A lighter-than-air, gas-filled balloon, tethered in a fixed location, which contains an advertisement message on its surface or attached to the balloon in any manner.

*Banner:* Any cloth, bunting, plastic, paper, or similar non-rigid material attached to any structure, staff, pole, rope, wire, or framing which is anchored on two or more edges or at all four corners. Banners are temporary in nature and do not include flags.

*Building frontage:* The maximum linear width of a building measured in a single straight line parallel, or essentially parallel, with the abutting public street or parking lot.

*Canopy:* A structure other than an awning made of fabric, metal, or other material that is supported by columns or posts affixed to the ground and may also be connected to a building.

*Canopy sign:* Any sign that is part of, or attached to a canopy.

*Clearance:* The distance above the walkway, or other surface if specified, to the bottom edge of a sign. This term can also refer to a horizontal distance between two objects.

*Drone:* An unmanned aircraft or ship, weighing less than 55 pounds, that can navigate autonomously, with or without human control or beyond line of sight.

*Drone sign:* Any sign that is part of, or attached to a drone.

*Electronic sign:* An electrically activated changeable sign whose variable content capability can be electronically programmed or controlled.

*Flag:* Any sign printed or painted on cloth, plastic, canvas, or other like material with distinctive colors, patterns, or symbols attached to a pole or staff and anchored along only one edge or supported or anchored at only two corners.

*Freestanding sign:* A sign supported by structures or supports that are placed on, or anchored in, the ground; and that is independent and detached from any building or other structure. The following are subtypes of freestanding signs:

*Monument sign:* A freestanding sign, generally having a low profile where the base of the sign structure is on the ground or a maximum of 12 inches above the lowest point of the ground adjacent to the sign such that the sign has the appearance of a solid base. (Also known as *ground sign*.)

*Pole sign:* A freestanding sign that is permanently supported in a fixed location by a structure of one or more poles, posts, uprights, or braces from the ground and not supported by a building or a base structure.

---

*Gas station canopy:* A freestanding, open-air structure constructed for the purpose of shielding service station islands from the elements.

*Gas station canopy sign:* Any sign that is part of, or attached to, the vertical sides of the gas station canopy roof structure. For the purposes of this chapter, gas station canopy signs shall be considered wall signs.

***Gas pump sign:* A sign affixed to a functional gasoline pump.**

*Ghost sign:* An old hand-painted advertising sign that has been preserved on a building for an extended period of time. The sign may be kept for its nostalgic appeal, or simply indifference by the owner. May be approved by planning commission as a landmark sign.

*Government/regulatory sign:* Any sign for the control of traffic or for identification purposes, street signs, warning signs, railroad crossing signs, and signs of public service companies indicating danger or construction, which are erected by or at the order of a public officer, employee or agent thereof, in the discharge of official duties.

*Historic district:* A district or zone designated by a local, state, or federal government, within which buildings, structures, and/or appurtenances are deemed important because of their association with history, or because of their unique architectural style and scale.

*Holiday decorations:* Signs or displays including lighting which are a non-permanent installation celebrating national, state, and local holidays, religious or cultural holidays, or other holiday seasons. (Also known as *seasonal decorations*.) **Strip lighting that is not clear or white in color is considered holiday décor.**

*Illuminated sign:* A sign with electrical equipment installed for illumination, either internally illuminated through its sign face by a light source contained inside the sign, externally illuminated by a light source aimed at its surface, or contains luminous tubes as part of the sign proper.

*Illumination:* A source of any artificial or reflected light, either directly from a source of light incorporated in, or indirectly from an artificial source.

*External illumination:* Artificial light, located away from the sign, which lights the sign, the source of which may or may not be visible to persons viewing the sign from any street, sidewalk, or adjacent property.

*Halo illumination:* A sign using a three-dimensional message, logo, etc., which is lit in such a way as to produce a halo effect. (Also known as *back-lit illumination*.)

*Internal illumination:* A light source that is concealed or contained within the sign and becomes visible in darkness through a translucent surface. Message center signs, digital displays, and signs incorporating neon lighting shall not be considered internal illumination for the purposes of this chapter.

*Neon illumination:* A sign using a neon tube, or other visible light-emitting gas tube, that can bend to form letters, symbols, or other graphics.

---

*Incidental sign:* A sign that displays general site information, instructions, directives, or restrictions that are primarily oriented to pedestrians and motor vehicle operators who have entered a property from a public street. These signs shall not contain any commercial advertising.

*Incidental window sign:* Signs displayed in the window displaying information such as the business' hours of operation, credit institutions accepted, commercial and civic affiliations, and similar information. These signs shall be informational only and shall not contain a commercial message.

*Inflatable sign:* A sign that is an air-inflated object, which may be of various shapes, made of flexible fabric, resting on the ground or structure and equipped with a portable blower motor that provides a flow of air into the device.

*Interactive sign:* An electronic or animated sign that reacts to a person's behavior or electronic signals of motor vehicle drivers.

*Light trespass:* Light emitted by a lighting installation, which extends beyond the boundaries of the property on which the installation is sited.

*Location sign:* A sign which directs attention to the approximate location of an establishment from which the advertised product or service may be obtained.

*Luminance:* An objective measurement of the brightness of illumination, including illumination emitted by an electronic sign.

*Mansard sign:* Any sign attached to a mansard roof.

*Manual changeable copy sign:* A sign or portion thereof on which the copy or symbols are changed manually through placement or drawing of letters or symbols on a sign face.

*Marquee:* A permanent structure, other than a roof or canopy, attached to, supported by, and projecting from a building and providing protection from the elements.

*Marquee sign:* Any sign attached to a marquee for the purpose of identifying a use or product. If attached to a theater, performing arts center, cinema, or other similar use, it may also advertise films or productions.

*Mechanical movement sign:* A sign having parts that physically move rather than merely appear to move as might be found in a digital display. The physical movement may be activated electronically or by another means, but shall not include wind-activated movement such as used for banners or flags. Mechanical movement signs do not include digital signs that have changeable, programmable displays.
