

Reporting an Unlicensed Business
Requesting Information on Licensed Businesses

All Businesses located within the City of Salem are required to obtain a business license within 30 days of beginning operation per City of Salem Code Section 22. For all businesses with a store front a City of Salem license decal is required to be posted in general view of the public as proof that the business is licensed for the current year. Businesses should have their decals posted by March 1 of the current year. If you believe a business is not licensed or would like to check on licensing before doing business with a company please submit the request below. **All reporting will be confidential.** We appreciate any and all assistance in recognizing tax fraud of any kind in Salem.

Please fill in as much information as possible below.
