

City of Salem Electoral Board Meeting

Minutes

June 14, 2017

11am

The Salem Electoral board convened for the sole purpose of canvassing precinct totals for the June 13 primary election of Governor and Lieutenant Governor to represent the Democratic and Republican parties in the November general election. This election also included tallying primary results of candidates running for state delegate in the Democratic party.

All ten precincts numbers were rectified and the statement of results were prepared for the Department of Elections. There were no provisional ballots used for this election.

In reviewing the election day, all went smoothly with two new people serving as the chief for their precinct for the first time. Equipment worked well and because of a download error of the software printer tapes were not available to the individual voters to hand to the election officers at the ballot scanner. Again, Salem had an uneventful election process.

The canvass meeting adjourned at 12:15 pm.

Electoral Board Members:

---

Everette Obenshain, Chair

---

Steve Smeltzer, Vice Chair

---

Katherin Elam, Secretary
