Sec. 106-524(B) Sec. 106-524(C) "Use Not Provided For"

January 1, 2006

TO ALL SPECIAL EXCEPTION PERMIT/USE NOT PROVIDED FOR PERMIT APPLICANTS:

Special Exception Permits are required for certain uses that the City of Salem envisions being located in a particular zoning district but requires additional site specific review to ensure there will be no adverse impact to the public health, safety, and welfare of the surrounding neighborhood or the community in general. Use not provided for permits are required when a proposed land use is not listed in the zoning district. Special exception and use not provided for permits are allowed only at the discretion and approval of the Salem City Council following review and recommendation by the Salem Planning Commission.

Since special exceptions can be controversial in nature, the applicant may be inclined to offer **conditions** in order to make the request more appealing. Such condition(s) should be discussed with City staff well in advance of the Public Hearing before the Salem Planning Commission. Conditions should be presented in writing and included with the completed special exception application whenever possible.

During a public hearing citizens or business owners often express concerns related to the request. When this occurs, the Planning Commission or City Council may impose additional conditions on the Special Exception Permit.

Any questions in this regard should be addressed to the Planning and Development Department at (540) 375-3007.

Sincerely,

Melinda J. Payne
Director of Planning and Development
